Message from the President

Melissa Hurst
Coles County Circuit Clerk

Hello everyone!

I hope you are enjoying your summer and staying cool! I had so much fun with all of you at Spring Conference. It felt like the perfect kickoff to summer! As President of IACO, it is always my goal to see you all networking and connecting with each other and your vendors. That time spent putting your heads together and sometimes commiserating with each other over problems and working toward solutions in your offices is so so valuable.

Speaking of the summer, the slower pace of the summer is a great time to work hard and play hard. My hope is that you have gotten to do the play hard part as your IACO board has been hard at work planning the Fall Conference in Bloomington-Normal. We hope you will make plans to join us from November 13th-15th. We will again spend time together, honor a new County Official of the Year, and learn a ton. Do you know of someone that always goes above and beyond for their county? Is there someone that inspires you to be a better elected official by the way they care for their employees and constituents? Nominate them for this honor!

Make sure to look through this newsletter for informational recaps from Spring Conference education sessions, news from the legislature, and more! As always, please reach out if you have an idea that you think could make IACO better. I am looking forward to my final couple of months as your President. It is an honor to lead a group of people like you that are so committed to your people, your colleagues, and yourselves! Make sure to enjoy the dog days of summer and I will see you in November!

Legislative Committee Update

Mark Armstrong
Legislative Chair
Kane County Assessor

The 103rd General Assembly adjourned on May 27, 2023, completing its first “normal” session since 2019. While nearly 6,700 bills were introduced, fewer than 9% of all legislation passed and sent to the Governor.

Legislation supported by IACO affiliate organizations which passed out of the General Assembly includes:

- HB 925 creates the Veterans Service Organizations State Charter Act, which clarifies the process for establish Veterans Service Organizations which participate in the selection of county Veterans Assistance Commissions; this is an initiative of the Illinois Association of Veterans Assistance Commissioners. As of this writing, it awaits gubernatorial action.
- HB 2507 is an *omnibus* bill which included a provision providing that Townships with populations between 1,000 and 2,999 residents (currently, fewer than 1,000 residents) must be grouped into a Multi-Township Assessment District and elect a single Assessor, effective with the first election after the 2030 decennial census; this provision is a joint initiative of the Illinois Association of County Board Members and the County Assessment Officers Association. As of this writing, it awaits gubernatorial action.
- SB 1225 permits chief county assessment officers in all counties to require an application for the preferential assessment for subdivision common area; it is an initiative of the County Assessment Officers Association. It was signed by the Governor on June 9 and is now law (Public Act 103-83).
- SB 2227 provides much-needed cleanup to the recording statute and fee schedules; it is an initiative of the Illinois Association of County Clerks and Recorders. As of this writing, it awaits gubernatorial action.

For more information, the text of the legislation can be viewed on the General Assembly’s web site at www.ilga.gov. For more information of 2024 legislative initiatives of your affiliate, contact your affiliate’s legislative chair.

Around the Corner

Rebecca C. McNeil
McLean County Treasurer
IACO President-Elect

We had a fabulous turnout back in May for spring conference. The Crowne Plaza did not disappoint. The 2023 IACO Fall Conference at the Bloomington Normal Marriott Hotel and Conference Center is right around the corner. Your IACO leadership team has been busy planning for this fall and beyond. Chances are you are not the only one with questions and / or concerns about a topic. If you are new or just coming back in from the pandemic, you will find that we are an organization of passionate leaders and public servants who rise to the occasion every time a challenge is presented. What I have found, is that there are numerous different ways to transform a challenge into an opportunity.

During the next year, I hope we can continue to show the benefit of communication, collaboration, and cooperation. We are in this together! IACO is truly all about educating our members. We want to empower you with knowledge to help you build your confidence, overcome fears, and take initiative. We want to give you the knowledge you need to stay current on changes and challenges that are facing County Government. Every day we navigate through the challenge of leading and learning across multi-generations, being assertive, and preserving integrity by consistently making the right choices. We encourage every affiliate to submit a nomination for County Official of the Year 2023. The application for this award can be found in the newsletter. Read over the application and take a minute to think who has inspired you along the way. We truly have a number of very active, talented, and accomplished members of our organization. This is the time to nominate one of them.

IMRF Correction

Randy Stevens, Field Services
Team Leader

In the IMRF presentation on Wednesday, May 10, 2023, I discussed elected official participation in IMRF. The information was incorrect. IMRF Resolution 6.64 is only required for Governing Body Members. In the past this applied to all Elected Officials, but that ended 05/17/2019. To participate, the Elected Official must complete form 6.21- Election to Participate for a Qualifying Position. Once submitted, the elected official must participate in IMRF for the duration s/he holds that specific office. Form 6.21 only needs to be submitted once. Please let me know if you have any additional questions.

County Auditors

April Palmer
Rock Island County Auditor
IACO Board Member

The IL Association of County Auditors (IACA) Summer Conference and Workshop will be held on Thursday, August 3, 2023 and Friday, August 4, 2023 in St. Charles Illinois. We will be discussing a variety of issues including how to educate stakeholders on the critical distinctions between internal auditing and external auditing, and to discuss how the Office of County Auditor adds value to County operations through the internal audit function. The workshop will also include planning for a potential additional presentation to be made at the IACO Conference in November.

The current IACA President is Rock Island County Auditor April Palmer. "I find collaboration among the various County Auditors has frequently been helpful to me and many other members of the IACA. With the talented and hardworking Executive Board and other active members of the IACA surrounding me, we are positively moving forward." Please stay tuned for future announcements from the IACA.

What Makes a Good COTY Application?

Rebecca C. McNeil
McLean County Treasurer
IACO President-Elect

Each year, the IACO recognizes an outstanding county official who best demonstrates our mission of *"Improving the quality of County Government while maintaining a high standard of performance"* by honoring them with the title of County Official of the Year (COTY). As some know, to be honored by your peers is truly one of the highest forms of recognition.

As a previous nominator, I thought I would share my experience and offer some tips that I found to be helpful. We all know that we are stronger when we work together. I took this approach and asked another IACO member to be a co-nominator along with me. In most instances, County Official of the Year nominations will come from the nominee's affiliate organization. However, that is not the rule. I was from a different affiliate than my nominee and my co-nominator. My co-nominator and I had both worked with the person we wanted to nominate, and overwhelmingly felt like that person had truly demonstrated the mission and high standards that were deserving of the COTY award. Through a process of collaboration, communication, and cooperation, we split up the tasks so that we could specifically address each of the areas the nomination form suggested that we highlight. We picked three of the six areas that we each felt most comfortable working through. This process allowed us to create a nomination that contained a wider variety of accomplishments, strengths, and peer recommendations. The process also allowed us both to save quite a bit of time, instead of adding more work to our busy schedules. As the biography of accomplishments and peer letters came together, I came to realize that knowing and working alongside this public servant was a distinct honor and privilege for many. True leadership is sacrifice, not privilege. Giving is also more important than receiving. Our candidate had been so giving of their time to their colleagues, profession, and affiliate. That is what public service is about.

When creating a nomination, always be creative, and purposeful. You will not regret the effort and you will likely experience a sense of contagious joy along the way. In the end, were we successful? YES! Our candidate was recognized as IACO County Official of the Year.

Right now is the time to begin collaborating with a colleague to start writing a nomination for someone that you believe to be exceptional!

Deadline for Submission: 4:30pm on October 31, 2023

IACO 2023 County Official of the Year

Deadline for Submission: **4:30pm on October 31, 2023**

Each year the IACO recognizes an outstanding county government official who best demonstrates our mission of improving the quality of county government through education, promoting responsible public policy, and providing ethical service while maintaining a high standard of performance. This form is intended to facilitate the selection process by providing biographical information of each candidate. All nomination forms must be received by the deadline in order to be considered.

Purpose and Criteria: The purpose of the Illinois Association of County Officials' County Official of the Year Award is to recognize a county government official or employee who has demonstrated a commitment to excellence in county government both within his or her own community and on a regional or statewide level. This distinction will be made each year to one person representative of the high ideals embraced by the Illinois Association of County Officials, (IACO).

Eligibility: Any elected or appointed official or employee of a IACO member county is eligible. Current members of the IACO Board of Directors are ineligible to receive the award.

Award: The results will be kept secret until the Fall Conference. At the Fall Banquet, the award will be presented to one individual who has made significant contributions through their service.

Nominator Responsibility: In most instances nominations will come from the nominees affiliate organization. The nominator is expected to ensure that the nominee is at the Fall Conference Banquet to receive the award. It is not however required that the nomination come from the nominees affiliate organization. The Veterans for instance may nominate a candidate from the Coroner's, but such a nomination would require considerable research by the Veterans to understand the position of Coroner and prepare a nomination that can compete with other nominees. It would be better for the Veterans to contact the Coroners and seek support for the potential nominee.

Selection Process: The selection of the County Official of the Year is a difficult process – due in large part because of the high quality of the candidates. Our overall goal is to establish a process that results in a fair selection with as minimal bias as possible. The members of the committee all represent an affiliate organization – and it is natural that we would support the individual nominated from our own affiliate – if for no other reason than we are most familiar with the service and dedication of that individual. So our goal was to minimize that bias to the extent possible and streamline the application process. Here is the selection process.

- 1) Any currently serving county official (at the time of nomination) will be considered for the award. Individuals that have resigned or retired earlier in the year are not eligible. (The Board noted the IACO President can at any time recognize an individual with a "President's Award".)
- 2) To minimize the inherent bias of committee members (supporting the candidate from their own affiliate organization) the Board approved a selection process currently being used by another national organization:
 - a) Each IACO Awards Committee member is responsible for selecting a "judge" from outside the IACO membership, such as a local judge, state official, or community leader. Contact information for the judge is forwarded to the Awards Committee Chairperson.
 - b) Nominations are forwarded to these judges directly from the Awards Committee Chairperson along with a scoring sheet. (Committee members do not receive the applications.)
 - c) Judges rank the nominees in several categories based on the merits of the application and forward the scoring sheets back to the Chairperson.
 - d) The Chairperson tallies the scores and announces the winner at the Fall IACO Conference.
- 3) Use of a standardized application.
- 4) Use of a standardized scoring sheet for use by judges.

Did you know Ronald McDonald House® Charities of Central Illinois collects pop tabs? It pays off in a big way, too! Each year, they collect approximately 40 million tabs. That cashes out to about \$10,000 for our charity! So the next time you grab a can of soda, remember to save the tab for us and the many families we serve. This initiative is good for Ronald McDonald House families, local schools and the environment. We can all do a little to make a big difference in our community!

What is a pop tab?

Pop tabs are the little aluminum tabs from all kinds of cans: soda, some pet food, canned fruits, vegetables and more.

How do pop tabs help the Ronald McDonald House?

Once the pop tabs are collected, they are taken to be recycled in exchange for dollars, which support the children and families we serve at our Houses.

START COLLECTING NOW!

Bring your tabs to the IACO Conferences! We will get them to the Ronald McDonald House Charities!

Returning to Normal

McLean County Treasurer
IACO President-Elect

The 2023 IACO Fall Conference is right around the corner in downtown Normal. This is the third IACO conference that has been held in McLean County and I hope you are looking forward to your stay November 13th - 15th. The Town of Normal is situated in McLean County right alongside Bloomington at the point where interstates 55, 74 and 39 intersect. The location is ideal and easy to get to for anyone, whether traveling by auto, bus, Amtrak Train, or air. The Marriott Hotel & Conference Center is a beautiful 9 story hotel with a restaurant, bar, pool, fitness center and concierge service. The hotel is located right between Illinois State University and Uptown Normal, which is a beautiful shopping area we like to spotlight.

Uptown Normal is a safe and unique area that you can conveniently walk to after a long day of conference education sessions. The area continues to experience significant transformation and is truly a place for everyone to hang out! It is so easy to spend a few hours or even an entire afternoon discovering the district's wide range of boutiques, restaurants, bars, and specialty shops. Looking for unique one-of-a-kind shops? A few of my absolute favorite places are Apricot Lane, the Garlic Press, and Uptown Gifts Boutique. Looking for Illinois State University swag? Alamo II and Campustown are super popular with students and alumni looking for that perfect ISU fall sweatshirt. Afterward, you may want to enjoy some lunch or dinner at Medici's, DP Dough, Pub II, or Firehouse Pizza. Then, make sure to stop in for some dessert at Insomnia Cookies or Theo's Microcreamery. The aroma of their fresh baked cookies and homemade ice cream is hard to resist. And if you are in the mood to just relax - pull up a chair at Coffee Hound, Starbucks or Stave Wine Bar. These are wonderful places to meet with a small group, catch up on emails, or just sit outside and watch the world pass by.

The Uptown area is highlighted by the Children's Discovery Museum for those with children or grandchildren that are coming along. You may even want to extend your visit or come back another time once you see how inviting it looks. I have spent countless hours in the museum with my own daughters as they were growing up. The Children's Discovery Museum inspires the love of learning through the power of play by providing hands-on exhibits, classes and programs that actively engage the visitor in experiences that stimulate imagination, curiosity, and wonder. This is also the perfect place to stop in and do some early Christmas shopping. The Museum Store is jam-packed with educational books, toys, puzzles, games, gadgets and gizmos galore!

This November is going to be an exciting time. I hope you will join us and see what being in Normal is all about. To learn more visit: www.uptownnormal.com or www.visitbn.org.

Mental Health FIRST AID
from NATIONAL COUNCIL FOR MENTAL WELLBEING

MENTAL HEALTH FIRST AID AND NACo

The feedback was overwhelmingly positive. The group was very impressed with the trainers and felt the curriculum was extremely useful in helping the county workforce address and support the need of county employees who may be experiencing mental health and/or substance use needs. The training was comprehensive, skills-oriented and provided the essential tools and guidance to support our staff."

— **Michael Orth**,
Commissioner, Westchester
County, NY, Department of
Community Mental Health

WHY MENTAL HEALTH FIRST AID?

Mental Health First Aid (MHFA), a skills-based training administered by the National Council for Mental Wellbeing, teaches people how to identify, understand and respond to signs and symptoms of mental health and substance use challenges in their peers, friends and colleagues.

To help the National Association of Counties (NACo) realize its vision of creating healthy, safe and vibrant counties across America, the National Council and NACo are partnering to offer crucial MHFA trainings to county employees and the communities they serve. The National Council-NACo partnership will support elected officials and county staff, who are asking for help with their own mental health and wellbeing. And, by extension, create a framework for counties to destigmatize mental health and substance use issues as they provide community residents with more equitable access to quality mental health and substance use treatment services.

WHAT MHFA COVERS

- Noticing signs and symptoms of substance use and mental health challenges.
- Navigating difficult conversations about mental health.
- Knowing that recovery is possible – and how to support it.
- Tackling mental health stigma in the workplace.
- Understanding principles of safety and privacy. Building resilience and strategies to alleviate burnout.
- Implementing a 5-step MHFA Action Plan (ALGEE).
- Reinforcing relevant employee resource groups, employee benefits and HR initiatives.

WHO SHOULD TAKE IT

- County employees at all levels, including elected officials and county staff across all departments and organizations.
- Human resources and benefits partners, senior leaders and front-line managers.
- First responders including law enforcement, corrections officers, fire and EMS services.
- Hospital and nursing home staff.
- School teachers, administrators and youth-serving staff.
